GIVING THANKS: Living

Sermon Title: Signs of Life

Scripture: Luke 20:34-38

SUMMARY:

One of the most important truths of the Christian faith is that Christ is “ALIVE.” And because He lives there are some wonderful benefits to you and me. The Bible reminds us that God is the same yesterday, today, and forever. That means that Jesus is the same One who went about healing, teaching, preaching and ministering. Jesus is alive and because of that you can rely on the promises of God to meet our needs, forgive our sin, and help us find harmony and balance in our lives. You can rely on the promise that God offers us life and life more abundantly. How often do you check for the signs of vitality of life?

2. We live a multifaceted (this age and that age) life.

3. Checking for the signs of life.

4. God has the wherewithal to make every “soul” happy.

5. MY THOUGHTS
